

FINAL VOTES SALVIMAR NOAH MASK

	VOTI (1-10)	OBSERVATIONS
INNOVATIVE AND RELEVANT SOLUTIONS	9	Nothing seems to be missing: internal chassis system, matt internal facial silicone, special preforming of the nose, attachments of the wide rear strap directly to the chassis, soft mouthpieces of two lengths.
MATERIALS AND FINISHES	8.5	Very high quality finishes and a soft, but not excessive, silicone. We shall verify with a durability test the strength of the critical chassis-lenses-facial fusion system.
COMFORT	8.5	Soft silicone, with just some signs on the face after hours of use.
INTERNAL VOLUME	10	Seems unbeatable.
VISIBILITY	9	Among the best. Second at the moment among the tested masks
